Dear Colleagues:

Thank you for agreeing to serve on the Chancellor's Capital Review Committee (CCRC) for the 2024-2025 academic year. The charge of this committee is to:

1. Review and approve proposals for capital projects, building program (feasibility) studies, and significant site improvements that are submitted by campus departments, authorizing them to proceed with advanced planning, resource commitments, and full pursuit of the approved effort.
2. Review project's background description, budget, plan for cash flow during design and construction (Pro Forma), proposed space growth, and plan for funding operation and maintenance costs prior to proceeding with university approval.
3. Approve campus level Master Plans.
4. Review major construction programs, i.e., annual project selections for Academic Facilities Maintenance Fee Assessment funds (AFMFA) or UA Reserve allocations and advise the Chancellor on acceptance of State Capital Budget requests recommended by the appointed Facilities Planning Committee.
5. Advise the Chancellor on the acceptance of building naming/renaming requests.

Staff support for the committee's work will be provided by the Capital Programs Project Planning Department within Facilities & Services.
