Bill Stewart, Applied Health Sciences
Helen Coleman, Facilities & Services, Capital Programs, Ex Officio
Kevin Duff, University Office of Capital Programs and Real Estate Services, Ex Officio
Matthew Tomaszewski, Office of the Provost, Ex Officio

Dear Colleagues:

I invite you to serve as a member on the Chancellor’s Design Advisory Committee (CDAC) for the 2015-16 academic year. The charge of the committee is as follows:

1. establish appropriate general guidance for the orderly development and presentation of the campus;
2. provide input to proponents/designers of proposed projects contributing to development of the campus;
3. provide reaction to specific design/development solutions proposed by contracted professionals and in-house staff.

In addition to the foregoing charge, the CDAC will be asked to provide comments relative to design concepts, historical sites, art in public spaces and on the continued development of our Campus Master Plan. This will include observations on building locations and designs, site lines, location of parking lots, sculptures, landscape design and lighting. This effort would identify positive and successful aspects of the campus design as well as past decisions we would want to avoid in the future.

The first CDAC meeting will be held on Thursday, October 15 from 10:30 a.m. – 11:30 a.m. in Temple Buell Hall, Room 115. The staff support of the committee’s work will be provided by the Capital Project Planning Department of Facilities & Services. You will be contacted soon. Thank you again for agreeing to make this valuable contribution to the development of the campus.

Sincerely,

Barbara J. Wilson
Interim Chancellor
